

## MONO PUMP PRIMER

**High performance priming agent for concrete pumps and pipelines**

### Description

**MONO PUMP PRIMER** is a specially formulated product to act as a primer for concrete pumps, and pipelines before concrete pumps, and pipelines before concreting

**MONO PUMP PRIMER** creates a thin lubrication film inside concrete pumps, and pipelines to reduce friction and prevent blockages. Set Lube is water soluble and the solution is of high viscosity and strong stringiness.

### Advantages

- Easy application
- Remove blockage.
- Decrease friction in pipelines and pump.
- Eco friendly product.
- Reduces blockage of flow by coagulation

### Compatibility

**MONO PUMP PRIMER** can be used with all types of concrete mixes.

### Method of Use

**MONO PUMP PRIMER** is mixed with 50 - 80 litre of water either in drum or in the hopper of the concrete pump by reverse pumping two strokes. Mix the **MONO PUMP PRIMER** and water for approximately 2 - 3 minutes and allow it to stand for 5 minutes. Until the solution reaches high viscosity condition Then pour the solution into pump ahead of concrete.

### Dosage

Use one unit of 200 g per 50 - 80 litres of water. One unit of **MONO PUMP PRIMER** is equal to 100 - 150 kg of cement usually prepared as cement slurry at site.

### Cleaning

**MONO PUMP PRIMER** can be washed with fresh cold water.

### Packaging

**MONO PUMP PRIMER** is available in 24 x 200 g per box.

### Technical Properties

**Form:** Granular powder

**Bulk density:**  $0.7 \pm 0.1$  g/cm<sup>3</sup>

**Chloride content:** Nil

**Sulphate content:** < 0.1%

### Storage

**MONO PUMP PRIMER** has a shelf life of 6 months from date of manufacture if stored at temperatures between 5°C and 30°C.

If these conditions are exceeded, STARKE Technical Department should be contacted for advice.

### Cautions

#### Health and Safety

**MONO PUMP PRIMER** is not classified as hazardous material.

In case of contact with eyes wash immediately with plenty of water and seek medical advice promptly.

For further information refer to the Material Safety Data sheet.

### Fire

**MONO PUMP PRIMER** is nonflammable.

## **MONO PUMP PRIMER**

More from starke construction chemicals A wide range of construction chemical products are manufactured by STARKE which include:

**Concrete admixtures.**

**Surface treatments**

**Grouts and anchors.**

**Concrete repair.**

**Flooring Coating**

**Sealants.**

**Waterproofing.**

**Adhesives.**
